

Herbarium and weed ID

FREE workshop

Training for community volunteers

Learn how to create a herbarium, and collect and classify native plants and weeds.

Chris Brodie, Weed Botanist from the State Herbarium of South Australia will provide information and demonstrations on how to create your own herbarium as an identification tool for your native plants and weeds. Learn how to press, dry and store them. There will be a field walk to learn the correct techniques to collect specimens and cuttings. You'll also learn about useful resources and information to assist with plant identification.

Please bring any pressed specimens or herbarium samples you may have, also bring along your difficult to identify weeds!

When: Saturday 5 April 2014

Time: 9.45am (morning tea) 10am to 1pm

Where: Cape Jervis Community Centre, Ransford Street, Cape Jervis

RSVP: Please register by Mon 24 March 2014

to Jodie Woof - Volunteer Support Officer jodie.woof@sa.gov.au or 0488 952 026

Morning tea and lunch provided

Cape Jervis Coastal Community Group working bee from 2-4pm. Please feel free to stay on after the workshop and join us for seed collecting and a spot of weeding in the coastal heath.
